PREFACE

WITH the initiation in 1947 of the Third Series of the *Catalog of Copyright Entries*, an enlarged format and other changes designed to increase and extend the usefulness of the compilation were adopted. Additional features have been added in most parts of this second volume. Inquiries, suggestions and comments on all details of the *Catalog* are solicited and should be addressed to the Chief of the Cataloging Division, Copyright Office, Library of Congress, Washington 25, D. C.

Contents.—This part of the *Catalog* contains an alphabetical list by title of unpublished music registered in the Copyright Office from January 1, 1948 through June 30, 1948. Renewal registrations of music made in this period are listed in Part 14B of the *Catalog*.

Entry and Copyright Data.—Each entry is given under its title. This is followed by a statement combining author and copyright information. Those persons whose names precede the copyright symbol, © are authors; those whose names follow the copyright symbol are claimants, who sometimes are also authors. The names of the claimants are followed by the date of receipt of one copy in the Copyright Office and the registration number.

Abbreviations.—Definitions are not given for abbreviations in common use and included in standard reference works. The following abbreviations are used in the *Catalog of Copyright Entries* with the meanings shown: 1c—one copy deposited; a. k. a.—also known as; d. b. a.—doing business as; m—music by; t. a.—trading as; w—words by.

Deposit of Copies.—In the case of every copyright entry listed in the *Catalog*, the deposit of copies (or copy) as required by Title 17, U. S. C., secs. 12 and 13 has been made.

Authority.—The *Catalog of Copyright Entries*

is published by authority of Title 17, U. S. C., secs. 210 and 211. Section 210 provides that the *Catalog* "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

Organization of the Catalog.—This issue of the *Catalog* is part of Volume 2 of the Third Series. The parts are numbered according to the alphabetical sequence of classes as listed in Title 17, U. S. C., sec. 5. Letters are added to the part numbers to indicate subdivisions.

The classes of material principally contained in each part are listed, together with their respective symbols, under the title of the part in the Table which follows. In each case, the first letter of the symbol is that of the class under which registration is made; the second, if any, is a designation added by the Copyright Office for purposes of statistical analysis of registrations. The symbols R and RR do not represent classes designated by the Copyright Act, but have been adopted by the Copyright Office to distinguish renewal copyright registrations. Each part may also contain registrations made under other symbols if the subject matter or type of material of these registrations is similar to that generally included in the part.

Publication and Subscription.—The annual subscription price for all parts of the complete yearly *Catalog of Copyright Entries* is \$20, payable in advance to the Superintendent of Documents, Government Printing Office, Washington 25, D. C.

Each part of the *Catalog* is published in two semi-annual numbers covering, respectively, the periods January-June and July-December. The prices given in the table are for each semiannual number. Orders for the complete *Catalog* or any of its parts should be addressed to the Superintendent of Documents.

PREFACE

WITH the initiation in 1947 of the Third Series of the *Catalog of Copyright Entries*, an enlarged format and other changes designed to increase and extend the usefulness of the compilation were adopted. Additional features have been added in most parts of this second volume. Inquiries, suggestions and comments on all details of the *Catalog* are solicited and should be addressed to the Chief of the Cataloging Division, Copyright Office, Library of Congress, Washington 25, D. C.

Contents.—This part of the *Catalog* contains an alphabetical list by title of unpublished music registered in the Copyright Office from July 1, 1948 through December 31, 1948. Renewal registrations of music made in this period are listed in Part 14B of the *Catalog*.

Entry and Copyright Data.—Each entry is given under its title. This is followed by a statement combining author and copyright information. Those persons whose names precede the copyright symbol, © are authors; those whose names follow the copyright symbol are claimants, who sometimes are also authors. The names of the claimants are followed by the date of receipt of one copy in the Copyright Office and the registration number.

Abbreviations.—Definitions are not given for abbreviations in common use and included in standard reference works. The following abbreviations are used in the *Catalog of Copyright Entries* with the meanings shown: [1c—one copy deposited] a. k. a.—also known as; d. b. a.—doing business as; m—music by; t. a.—trading as; w—words by.

Deposit of Copies.—In the case of every copyright entry listed in the *Catalog*, the deposit of copies (or copy) as required by Title 17, U. S. C., secs. 12 and 13 has been made.

Authority.—The *Catalog of Copyright Entries*

is published by authority of Title 17, U. S. C., secs. 210 and 211. Section 210 provides that the *Catalog* "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

Organization of the Catalog.—This issue of the *Catalog* is part of Volume 2 of the Third Series. The parts are numbered according to the alphabetical sequence of classes as listed in Title 17, U. S. C., sec. 5. Letters are added to the part numbers to indicate subdivisions.

The classes of material principally contained in each part are listed, together with their respective symbols, under the title of the part in the Table which follows. In each case, the first letter of the symbol is that of the class under which registration is made; the second, if any, is a designation added by the Copyright Office for purposes of statistical analysis of registrations. The symbol R does not represent a class designated by the Copyright Act, but has been adopted by the Copyright Office to distinguish renewal copyright registrations. Some parts also contain registrations made under other symbols if the subject matter or type of material of these registrations is similar to that generally included in the part.

Publication and Subscription.—The annual subscription price for all parts of the complete yearly *Catalog of Copyright Entries* is \$20, payable in advance to the Superintendent of Documents, Government Printing Office, Washington 25, D. C.

Each part of the *Catalog* is published in two semi-annual numbers covering, respectively, the periods January-June and July-December. The prices given in the table are for each semiannual number. Orders for the complete *Catalog* or any of its parts should be addressed to the Superintendent of Documents.
